FOR IMMEDIATE RELEASE

### OILFIELD SUPPLY COMPANY ACQUIRES SOUTHEAST KANSAS LOCATIONS

Sunrise Oilfield Supply acquires Chanute and Cherryvale facilities of Buckeye Supply Company

Wichita, Kansas (August 4, 2011) - Sunrise Oilfield Supply announces the acquisition of two stores from Buckeye Supply Company. This acquisition will allow Sunrise Oilfield Supply to enhance their position of being the leading oilfield supplier in Kansas.

Buckeye Supply Company was formed in 1950 and has been providing supplies to the oilfield for over 60 years. Headquartered in El Dorado, Kansas, Buckeye also has stores in Madison, Russell, Wellsville and a pipe yard in Abilene, Texas. Sunrise has acquired their Chanute and Cherryvale locations.

“I am very excited about this acquisition and the opportunities it will bring us in the southeast area of Kansas. It also further strengthens our position in the marketplace,” commented Mike Reed, President and CEO of Sunrise Oilfield Supply. While Sunrise has a strong presence throughout the rest of the state, they did not have a location in southeast Kansas and knew their customer base and market share would increase significantly if their products and services were available in that area.

About Sunrise Oilfield Supply, Inc.:

Sunrise Oilfield Supply is Kansas’ largest oilfield supply company. The company was founded in 1979 with their corporate headquarters located in Wichita, KS. From 1979 until 1994, Sunrise operated its distribution from Ness City and began expansion with an acquisition of the El Dorado, KS store. Between 1996 and 2000, Sunrise added stores in Garden City, Hugoton, Spivey, KS and McCook, NE. In 2010, the Hays, KS location opened. Sunrise also operates sales offices in Great Bend, KS, Houston, TX, Denver, CO, and most recently added a sales office in Williston, ND. Since its inception, Sunrise has established long-lasting relationships with its customers and will continue to build these relationships well into the 21st century.
